

Product: Blending Gel

Date of last revision 27/02/2019	Number of last revision: 2	SDS N ^o 100	Page 1 of 6
-------------------------------------	-------------------------------	---------------------------	----------------

1. Identification

Product identifier: Blending Gel

Recommended use of the chemical: Used to prolong the drying time of the Acrylic Paints, Bitumen Colors and Craft Matte Paint, allowing the mixture of colors during the execution of the paint. Also used to shade works of special painting projects. Can be applied on wood, MDF, cardstock, cardboard, plaster, ceramic and glass (prepared with Primer).

Identification Code: 18660

Supplier's name: Acrilex Tintas Especiais S.A.

Address: Estrada Galvão Bueno, N^o 5000 - Batistini

Complement: São Bernardo do Campo - São Paulo

Supplier's phone number: (11) 4397-9255

Emergency phone number: (11) 4397-9258

2. Hazard identification

Classification of the substance or mixture: Specific target organ toxicity (single exposure): Category 2

GHS labelling

Signal Word: Warning

Hazard Statement: H371 - May cause damage to organs. kidneys and liver . if swallowed.

Precautionary statements:

- **General:** P102 - Keep out of reach of children.
- **Prevention:** P270 - Do not eat, drink or smoke when using this product.
- **Response:** P302 + P352 - IF ON SKIN: Wash with plenty of water
- **Storage:** P235 - Keep cool.
- **Disposal:** P501 - Dispose of contents/container in a suitable place.

Other hazards which do not result in classification: Product not suitable for use on skin

Other information: This product is not recommended for children under 3 years.

3. Composition/Information on ingredients

Product Type: Mixture

Safety Data Sheet (SDS)

Product: Blending Gel

Date of last revision 27/02/2019	Number of last revision: 2	SDS N° 100	Page 2 of 6
--	--------------------------------------	----------------------	-----------------------

Hazardous ingredients or impurities and/or stabilizing additives which contribute to hazard classification:

Chemical identity	CAS N°	Percentages or ranges of percentages
2-methyl-2H-isothiazol-3-one	2682-20-4	0,0075
1,2-benzisothiazol-3(2H)-one	2634-33-5	0,0075
2,2'-oxydiethanol	111-46-6	8 - 12

4. First-aid measures

First-aid measures

- **Inhalation:** Remove the victim to fresh air and keep at rest in a comfortable position for breathing. Seek for medical assistance.
- **Skin contact:** Remove contaminated clothing, wash with water and soap. Seek for medical assistance.
- **Eye contact:** Wash with plenty water for 15 minutes, keep the eyelids open. Seek for medical assistance.
- **Ingestion:** Do NOT induce vomiting. Seek for medical assistance.

Most important symptoms/effects, acute and delayed: May cause damage to organs. kidneys and liver. if swallowed.

Indication of immediate medical attention and special treatment: Symptomatic treatment.

5. Fire-fighting measures

Suitable extinguishing media: Foam extinguishers, dry chemical powder, CO₂ (carbon dioxide), water nebulization.

Unsuitable extinguishing media: Direct water jet.

Specific hazards arising from the chemical: It may release toxic gases during the burning.

Special protective actions for fire-fighters: Use self-contained clothing and adequate protection.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

- **For non-emergency personnel:** Personal protective equipment.
- **For emergency responders:** Personal protective equipment.

Environmental precautions: Shut off leak if possible, avoid contamination of rivers, lakes and water sources by preventing the flow of material into water streams, pipelines and water facilities.

Methods and materials for containment: Absorb with soil or other absorbent material.

Area isolation: Isolate and signal the location

Safety Data Sheet (SDS)

Product: Blending Gel

Date of last revision 27/02/2019	Number of last revision: 2	SDS N° 100	Page 3 of 6
--	--------------------------------------	----------------------	-----------------------

Methods and materials for cleaning up: The cleaning of the place should be made with water and mild detergent. Collect the material in metallic / plastic drums and in good conditions. Disposal must be performed according to the local legislation in force.

7. Handling and storage

Precautions for safe handling

- **Prevention of workers exposure:** Handle in accordance with established safety standards. Use personal protective equipment.
- **Fire and explosion:** Non flammable
- **Precautions for safe handling:** Avoid contact with skin, eyes and mucous membranes. Handle the product in a cool and well ventilated place.
- **Hygiene measures**
 - **Suitable:** Wash your hands before eating, drinking or using the toilet. Contaminated clothes should be changed and washed before reuse.
 - **Unsuitable:** Do not eat, drink or smoke during the product handling.

Conditions for safe storage

- **Conditions for safe storage:** Store the product in cool, dry and ventilated areas away from heat, ignition sources, food and oxidizing agents. Keep packages always closed.
- **Conditions to avoid including incompatibilities:** Avoid wet areas, outdoor, and without ventilation. Wet, uncovered, and unventilated places. No incompatible materials are known.
- **Packaging materials**
 - **Suitable:** Carbon steel drums and / or plastic packaging
 - **Unsuitable:** Not Available.

Other information: Not Available.

8. Exposure controls/personal protection

Control parameters

- **Occupational exposure limits:** Not Available.
- **Biological indicators values:** Not Available.
- **Other limits and values:** Not Available.

Appropriate engineering controls: Maintain adequate ventilation. Keep emergency shower and eye shower close to workplaces.

Individual protection measures, such as personal protective equipment

- **Eye/face protection:** Safety glasses for chemical products.
- **Skin protection:** Gloves, PVC apron and closed shoes according to working conditions.

Product: Blending Gel

Date of last revision 27/02/2019	Number of last revision: 2	SDS N° 100	Page 4 of 6
--	--------------------------------------	----------------------	-----------------------

- **Respiratory protection:** Mask with chemical filter for organic vapor protection.
- **Hands protection:** PVC gloves or others resistant to organic solvents.
- **Thermal hazards:** Not available.

Other information: Clean clothes and shoes after use. General control methods used in industrial hygiene should minimize product exposure. Do not eat, drink or smoke when handling chemicals. Separate working clothes from ordinary clothes

9. Physical and chemical properties

- **Appearance**
Physical state: Liquid.; **Form:** Pasty; **Color:** white
- **Odour:** Typical.
- **Odour threshold:** Not available.
- **pH:** 8,00 - 9,00
- **Melting point/freezing point:** Not available.
- **Initial boiling point:** Not available.
- **Boiling range:** Not available.
- **Flash point:** > 100 °C Test: (closed cup)
- **Evaporation rate:** Not available.
- **Flammability (solid, gas):** Not available.
- **Lower flammability or explosive limits:** Not available.
- **Upper flammability or explosive limits:** Not available.
- **Vapour pressure:** Not available.
- **Vapour density:** Not available.
- **Relative density:** 1,015 e 1,035 g/cm³
- **Solubility(ies):** water-soluble.
- **Partition coefficient: n-octanol/water:** Not available.
- **Auto-ignition temperature:** Not available.
- **Decomposition temperature:** Not available.
- **Viscosity:** 100 - 120 Poise
- **Additional information:** Not available.

10. Stability and reactivity

Chemical stability: Stable in normal conditions of storage and handling.

Reactivity: Not available.

Possibility of hazardous reactions: None, when the product is stored, handled and processed correctly.

Conditions to avoid: Exposure to high temperatures for prolonged periods may cause changes in the product.

Incompatible materials: Do not store the product with explosive materials , flammable and / or toxic , oxidizing

Safety Data Sheet (SDS)

Product: Blending Gel

Date of last revision 27/02/2019	Number of last revision: 2	SDS N° 100	Page 5 of 6
--	--------------------------------------	----------------------	-----------------------

substances , corrosive , organic peroxides spontaneous combustion materials and radioactive materials

Hazardous decomposition products: Can release toxic gases during firing.

11. Toxicological information

Acute toxicity: The product is not classified according to criteria for this hazard GHS ATE mix Oral = 20.365.2;
ATEmix Dermal= 3.666.6

Skin corrosion/irritation: The product is not classified according to criteria for this hazard GHS

Serious eye damage/irritation: The product is not classified according to criteria for this hazard GHS

Respiratory or skin sensitization: The product is not classified according to criteria for this hazard GHS

Germ cell mutagenicity: The product is not classified according to criteria for this hazard GHS

Carcinogenicity: The product is not classified according to criteria for this hazard GHS

Reproductive toxicity: The product is not classified according to criteria for this hazard GHS

STOT-single exposure: May cause damage to organs. kidneys and liver. if swallowed.

STOT-repeated exposure: The product is not classified for this hazard according to GHS.

Aspiration hazard: The product is not classified for this hazard according to GHS.

Additional information: Not available.

12. Ecological information

Toxicity: Harmful to aquatic life with long-term effects

Persistence and degradability: Not available.

Bio accumulative potential: Not available.

Mobility in soil: Not available.

Other adverse effects: Product miscible in water. Avoid contamination of rivers, lakes and water sources preventing the flow of material into waterways, pipelines and galleries.

13. Disposal considerations

Disposal methods

- **Product:** The treatment and disposal of the product should be technically evaluated, case by case. Remaining products must be discarded in authorized installation.
- **Used package:** Discard in authorized installation. Do not reuse the package.

14. Transport information

National and international regulations:

Land Transport:

Technical name: Blending Gel

Safety Data Sheet (SDS)

Product: Blending Gel

Date of last revision 27/02/2019	Number of last revision: 2	SDS N° 100	Page 6 of 6
--	--------------------------------------	----------------------	-----------------------

Additional information: The characteristics of the product does not meet the official criteria of dangerous goods for purposes of transportation.

15. Regulatory information

Safety, health and environmental regulations specific for the product:

Globally Harmonized System of Classification and Labelling of Chemicals (GHS)

16. Other information

Other information that does not belong in other sections:

This Safety Data Sheet (SDS) has been prepared based on current knowledge about chemicals and provides information about protection, safety, health and environment. It is warned that any chemical handling requires prior knowledge of its hazards by the user. The user company is responsible to promote the training of its employees about the potential product risks.
